POSTAL VOTING 2023

Postal voting for the municipal elections of 11th June 2023 can be requested via [Myguichet.lu](https://myguichet.lu) or from the municipality where the voters are registered.

For **addresses in Luxembourg**, postal voting can be requested until **17th May 2023** at the latest.

For **addresses abroad**, by **2nd May 2023** at the latest.

The envelope containing the postal vote must arrive at the electoral office on 11th June before 2 p.m.

HOW TO VOTE CORRECTLY?

Either ...

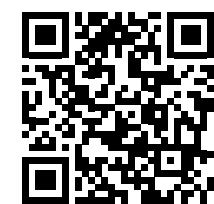

I blacken or tick "list 1 LSAP" in that case each candidate of list 1 gets one vote.

Or ...

I distribute the 13 votes I have in the municipality on list 1 LSAP by putting 1 or 2 crosses maximum in the boxes behind the chosen candidates. In this case, you do not have to mark the whole list.

**In any case, no vote should be lost!
13 votes for list 1**

FOR OUR CITY DIEKIRCH

Dear citizens of Diekirch,

Until Election Day on 11th June, we will present to you the record of our work of the 2018–2023 term, which we were able to accomplish or implement thanks to your support and trust. We would also like to present our ideas, visions, prospects, projects and plans for the next 6-year term and once again solicit your confidence.

Dear fellow citizens. Allow us, in this leaflet, to recall the last 12 years, during which numerous projects have been realised under LSAP's political responsibility. These are our fulfilled election promises.

UNEXPECTED EVENTS DURING THE CURRENT MANDATE PERIOD

The sanitary crisis was a major challenge for our community leaders. Under the LSAP majority, several measures were decided in favour of the entire population, but above all, to support our vulnerable citizens.

These were:

- **Support premium** for private households,
- **Home delivery service** for hygienic products and groceries.

Local associations were also supported with **extraordinary subsidies**.

During the COVID-19 pandemic, all municipal services, both technical and administrative, continued their work in the interest of our city and residents. On this occasion, the LSAP-Diekirch expresses enormous gratitude **to all personnel of the municipal staff. Thanks also goes to all citizens** who, have had great understanding in these difficult times and have respected the ensuing decisions. This great social unity was an important contribution to overcoming the pandemic.

Additionally, due to the war in Ukraine since 2022, energy prices skyrocketed, and inflation rose sharply.

Again, the LSAP majority initiated **various forms of aid** to support disadvantaged citizens and families.

These were:

- **Support premiums** for low-income individuals and families,
- Additional **increase of the cellarage premium**,
- **Increase student subsidies**.

YOUTH, SPORT, SENIORS

Modernisation and maintenance of the day care centre “Dikricher Däbbessen” in the “rue de l’Hôpital”. **Extension of the day care centre** by creating a “Natur-crèche” (nature day care centre) in the former “Guidenhome” on “Kockelberg”. The planning documents for a third location in the former “Origer” house in the “rue des Fleurs” have been submitted to the relevant ministries for pre-approval.

Completion of the **additional “Maison Relais”** in the “rue de l’Hôpital” for the “Schoulrennée 23/24” (start of the school year 23/24) with a capacity for 300 children.

Furnishing of the entire primary school with the **latest computer equipment**.

Introduction of **annual employment contracts for students**.

Adjustment and continuation of **student subsidies**.

Construction of a large, attractive **adventure playground** in the “route d’Ettelbruck”.

Construction of a national canoe-kayak trail at the “Al Schwemm” site, a **new pedestrian and cyclist bridge**, and a modern flood regulation system.

Construction of **two synthetic football pitches** and **four new tennis courts** in the “rue Merten”.

Renewal of the floodlighting system as well as the **renovation of the athletics track** and the stadium turf in the municipality-owned stadium.

Establishment of a “Buvette” (bar) in the sports hall and modernisation of the existing “Buvette” in the stadium.

Renovation of the inter-communal tennis hall in Erpeldange-sur-Sûre.

Maintenance of all playgrounds in the municipality.

Complete **renovation of the fitness trail** in the “Seitert”.

Complete renovation of the **“Maison de l’Orientation”**, the former retirement home, which now houses various **social and educational institutions, as well as local associations**. Among others, the social gathering of the “Amicale fir den drëtten Alter” members occurs here every Wednesday afternoon.

ENVIRONMENT, NATURE, CULTURE

Maintenance of all flood protection measures, as well as the pumping stations.

Construction of Diekirch’s fifth and last stormwater overflow basin in the “route d’Ettelbruck”.

Nature-friendly **redesign of the pond area** “in Bedigen”.

Installation, with financial participation from citizens, of **photovoltaic systems** on the roofs of the primary school and the community services in the “Sauerwiss”.

Realisation of further **photovoltaic systems** on the roofs of the “Musée National d’Histoire Militaire” and the water reservoir at “ZANO”.

Introduction of **subsidies for private individuals**:

- for the purchase of energy-saving **household electric appliances**,
- for the purchase of **“Pedelec25”** and classic bicycles,
- for **insulation work** on facades and/or roofs on existing buildings,
- for the **renaturation** of sealed front gardens at private houses,
- for installing photovoltaic systems on private houses,
- for installing **heat pumps** in case of conversion and renovation work.

Preservation of the construction-free hills around Diekirch.

Management of community forests according to ecological criteria (FSC certificate).

Annual planting and maintenance of trees in the municipal area.

Annual sheep grazing of the “Spidolswiss” area.

Rehabilitation of the “Flossbach” through wastewater separation.

Establishment of water protection zones to **safeguard the good quality of Diekirch’s drinking water** from the municipality’s own drinking water sources.

Conversion of street and path lighting to **LED technology**; over 70 % of the municipality’s public lighting has already been converted.

Change of the interior lighting in the municipal buildings such as the primary school, “Musée d’Histoire(s)”, and “Conservatoire de Musique du Nord” to LED technology.

Construction and management of the **“Ciné Scala” with five screens** in the “rue de l’Industrie”.

Enlargement and repair work for the “Musée National d’Histoire Militaire”.

Establishment of a municipal **“Service de communication”**.

Creation of **“Dikrich TV”**.

Redesign of the **“Deiwelselter”**.

Revision of the municipality’s website.

Purchase of the **“Villa Conter”** in the “rue Alexis Heck” to establish a new **municipal archive**.

Hiring a trained archivist.

Complete renovation of the deanery church and participation in the construction of the new organ.

Supporting local volunteer-managed associations through a solid **subsidy policy** and making premises available free of charge in the “Maison de l’Orientation”.

Preparatory work for the **new construction of the “Conservatoire de Musique du Nord – Site Diekirch”** by purchasing a plot of land in the “rue de l’Hôpital”. The entire project will be purchased by the municipality with the completed plans based on the “cahier de charge” drawn up by the management of the CMNord, as well as all the work already completed on the plot. After the purchase’s definitive conclusion, the entire project can be issued to public tenders.

The candidates of the LSAP-Diekirch are convinced that this location is excellently suited to implement an **overall pedagogical concept** with immediate proximity to the two “Maison Relais” and the central primary school. Cross-generational cooperation with the “Maison de Soins Sacré Coeur” also lends itself.

Special **subsidies** for the associations **during the pandemic**.

Annual support of 50.000 euros for the “Syndicat d’Initiative” and the “Union Commerciale” for the purpose of **marketing the city of Diekirch**.

Introduction of the “Zéro Mégots” project, i.e. placing ashtrays in public spaces. The cigarette butts collected here are recycled and used to produce “outdoor furniture”.

Participation in the company “Wandpark Nordenergie” to promote renewable **wind energy**.

Consistent support of the **educational and cultural activities** in the “Musée d’Histoire(s) de la Ville de Diekirch” – House of Culture.

Great support for all events organised by local associations, both on a logistical plan through the various community services and financially.

TOWN DEVELOPMENT

Upgrade the “Place de la Libération” by installing shade sails.

Preservation of rail-based public transport on the Diekirch – Erpeldange-sur-Sûre – Ettelbruck transport axis.

Modernisation of the train station building with **integration of a sales kiosk** as a project to combat **youth unemployment**.

Implementation of the new development plan “Plan d’aménagement général” (PAG), as well as the new building regulations.

Conversion, renovation and repair of various community buildings, including the town hall, various community services, Wirtgen Castle, the old church and the deanery church.

Renovation and redesign of the “Sauerbridge” and partial renovation of the “Ficellesbréck”.

Development of the “Wurmkrautwiss” area with the creation of over 100 residential units.

Preservation of beer brewing in Diekirch.

Renewal of all infrastructures in the following streets : “rue Alexis Heck, rue du Cimetière, am Floss, rue Glaesener, rue des Fleurs, rue de l’Industrie, rue de la Brasserie, rue de l’Hôpital, Promenade de la Sûre, Kockelberg, rue du Pont, rue de la Croix, rue du Palais, rue du Pensionnat, rue du Tilleul”.

Partial renovation (sidewalks and road surface) in the streets “rue Clairefontaine, Esplanade, rue de l’Industrie.”

Active participation in creating the “Syndicat intercommunal à vocation multiple Nordstad”.

Advocacy for constructing a **regional fire and rescue brigade** on the “Fridhaff”, site “Seiteschgrund”.

Planning and creation of a **forest cemetery in the “Seitert”** as well as the expansion of the existing community cemetery through the construction of a new columbarium.

Expansion of the **“Parking résidentiel”** and installation of a **digital payment system via a smartphone app**.

Order of a new cash register system (cash and cashless) for the car park “Esplanade” and the car park “Kluuster”.

Upgrade of public transport, as well as the introduction of a **new bus line** circulating every half hour to the **“Zone d’activités Fridhaff”**.

Start the construction of a new multi-storey car park “Gare” with approx. 650 parking spaces, partly equipped with **electric charging stations**.

Participation of the municipality in the CFL car sharing “Flex”.

Completion of the installation of the “smart metering” concept in the municipality’s power grid and start of the “smart metering” concept in the drinking water network.

Start of the demolition work in the “Cité militaire”.

Start of the demolition work “Dräieck Dikrech”.

Construction of a **new water reservoir on the “Fridhaff”** for securing the drinking water supply in Diekirch.

Extension and repair of the “Palais de Justice” at the “Kluuster”.

Safeguarding the city of Diekirch as the location for the **local and regional police station**, as a guarantee of the citizens’ safety.

Creation of the **“Zone d’activités Nordstad”** (ZANO).

Installation of **WiFi hotspots** in the city centre (“Place de la Libération, Grand-Rue, Place Bech, Place Wirtgen”), on the “Kluuster”, at the playground “route d’Ettelbruck”, at the sports infrastructures “rue Merten”, the “Camping de la Sûre” and in the city park behind the city hall.

Enlargement of the pedestrian zone by redesigning the **“Place Bech”**.

Construction of a **bicycle shelter** on the “Place Goethals”.

Creation of two **“Stop & Shop” parking spaces** on the “Place Goethals” where parking is **free for 20 minutes**.

SOCIAL

Realisation of **disabled-friendly pedestrian crossings**.

Installation of **defibrillators accessible to the public**.

(List at: <https://diekirch.lu/fr/commune-de-diekirch/trouver-un-service/sante-services-sociaux/defibrillateurs>)

Designing a **safe route to school concept**.

Creation of **social housing units** by the municipality through construction, conversion and purchase.

Further expansion of the units managed under municipal responsibility by currently renting more than 25 flats. Social subletting according to the criteria of the convention between the “Ministère du Logement” and the municipality concerning the “Gestion locative sociale”.

Establishment and expansion of the municipality’s **social service** and introduction of a **“Médiation sociale”** for private individuals.

Realisation of new social housing units by the “Société Nationale des Habitations à Bon Marché” in the “rue Muller-Fromes” and the “rue Dr Mambourg”, as well as by the “Fonds du Logement” in the “rue Vannerus” in cooperation with the municipality and with the contribution of municipally owned land.

Implementation of the **“pacte logement 2.0”**.

Safeguarding and supporting the employment initiative “CIGR Nordstad”.

Introduction of the **“Loui Express”** and, thus the creation of a community-owned passenger transport in the residential areas. Extension of the two bus lines with stops at the two city centre stops, “Place Bech” and “Place Goethals”, in April 2023.
